

The Home Care Service from Thrift Handy

If you are a homeowner, a business or a landlord, then the Thrift Home Care Service solves all your small job problems.

Save Thousands

We can't predict precisely what work your property will require, but we can assure you that using the Thrift Home Care Service will save you a fortune.

The Thrift Home Care Service does all the small jobs on your property that you need. Our tradesmen are skilled, professional, experienced and reliable.

One small monthly payment can save you thousands of pounds - and give you invaluable peace of mind.

Comprehensive Peace of Mind

The Thrift Home Care Service covers all the small jobs on your property. For example:

General External Property Maintenance includes such items as:

fitting broken locks; reglazing; replacing and/or clearing gutters; mending roof leaks; hanging gates; cleaning pathways and walls; fencing and garden gates; re-pointing brickwork and chimneys; repairing walls, paths and patios; insulating windows; repairing flashing.

General Internal Property Maintenance covers work such as:

fitting new lights, light switches, flexes, plugs and sockets; assembling small flat pack furniture, fitting blinds and curtain rails; hanging mirrors and pictures; putting up cabinets and shelves; replacing sash cords; changing extractor fans; fitting hoods; improving window and door security; repairing internal walls and ceilings, doors and windows; tiling; repairing plasterwork; laying flooring of all types; painting, varnishing and staining.

and our **Plumbing** service covers things like:

changing taps; renewing washers; stopping leaks and dealing with blockages; replacing bath/shower seals; grouting tiles, replacing or repairing broken cisterns, toilet seats and bath panels; repairing overflows; repairing ball valves; replacing washing machine hoses; changing water tank valves; upgrading radiators.

Don't forget that these are just examples. If you're not sure whether what you need is included please get in touch.

How It Works

Joining the Thrift Home Care Service means you have a small jobs service for all your needs and requirements - for up to four hours a month. It is available for properties in all the London boroughs.

When you need any small job done, all you need to do is give us a call and we will fix a time to suit you for one of our professional team to visit. Using our tradesmen removes your worry in finding someone suitable, and there's no need to worry about unexpected bills either.

Calling a tradesman in to fix a roof leak might cost you £350. With the Home Care service there's no unexpected bill to pay. Even a little job like a tap change can see you landed with an unexpected bill for up to £150. With the Home Care service it's not a problem.

How Much Does It Cost?

The Thrift Home Care Service costs just £64 per month. This covers you for up to four hours work per month.

The minimum contract period is six months. You can pay either six-monthly or annually in advance.

Helping You - Helping Others

The Thrift Home Care Service is operated by Thrift Handy, a project run by the Thrift Urban Charity (Reg. 1072534).

You can find more details about Thrift Urban at www.thrifturban.org.uk and about Thrift Handy at www.thrifthandy.org.uk.
